

Sideboards and storage units

Code

Code is a sideboard with a modern minimal design, modular in freedom. Made of wood, you can choose it in all Dall'Agnese finishes, from wood essences to glossy and matte lacquers, to special finishes with metal or cement effect.

MODERN DESIGN SIDEBOARD

Code, sideboard or storage unit, is a real system of elements to customize with modern design. It is made of closed compartments with one or two doors with push-pull opening, open compartments and drawers. It consists of an outer shell inside which the desired modules are inserted. The base is then added, which is available in three different versions: the Lama structure, the Tube structure and the feet.

MINIMAL COLOURED SIDEBOARD

You can choose the minimal style of the Code sideboard, as well as that of the storage version, in all Dall'Agnese wood finishes. High-impact and always different are the minimal colored sideboards, for example with bright contrasts, such as charcoal oak wood and mustard yellow glossy lacquer.

CODE STORAGE UNIT

The Code storage unit rests on one of three available bases and is modular with open elements, drawers or elements closed by one or two doors with push-pull opening. Drawers and elements with doors have fronts in avana textured finish or, upon request, in matt lacquers.

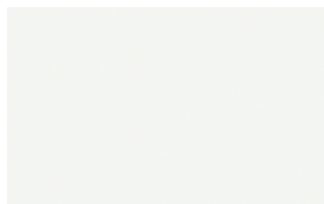

FINISHES

Think about your needs for the Code sideboard or storage unit and unleash your imagination: there are many finishes in the Dall'Agnese wood range. Discover them here.
