

Beds

Space

Space is a wave bed for swimming in a sea of comfort or levitating as if on a flying saucer. Its design sketches a kind of unique upholstered line that from the headboard continues to the bed frame, emphasised by the perimeter stitching taken up with sartorial care.

MINIMALIST FABRIC BED

Even the simplest and most essential design can change a lot depending on individual details. For example with a different base. In addition to the black painted metal feet with shaped profile, feet in transparent plexiglass are also available, for a more futuristic ensemble, or in solid wood, in the many wood finishes of the Dall'Agnese range.
