SUSPENDED HOME OFFICE STATION

In the picture, Slim Up home office composition formed by the special desk top with an veneer backrest, leather-effect drawers with hard leather handles, open wall units with metal grids and suspended storage bases with practical drop-down opening.

SUSPENDED HOME OFFICE STORAGE UNITS

Capacious storage units in the Slim Up program can be used to make smart working more convenient and keep everything within easy reach. The drop-down door, via a brown metal groove handle, allows you to remain seated while accessing the compartment. If you prefer, however, hinged doors and hanging baskets are also available.

BOOKCASE WITH DESK TOP IN NICHE

Sometimes space for a home office station in the home seems small. With the Slim Up program you make use of every inch, including height. In the picture, drawers, which serve as shelves, are combined with the system of backs that can be equipped on the entire wall. They are accompanied by metal shelves, wall units with hinged or open doors with shelves or grids, all contrasting with the hemp matt lacquered back panels. Embellishing the desk is the Calacatta gold stoneware top.
