Composta

Composta can be used in either a sliding door cabinet or coplanar with a handle. It consists of three panels, which can also be chosen with different finishes from each other to furnish according to your taste.

WIDE RANGE OF FINISHES FOR THE COMPOSTA DOOR

The Composed door offers a variety of finishes because it ranges from veneers to matt lacquers, glossy lacquers and special ones with a concrete or metal effect. Since it is composed of three panels, you can customize each one with a different finish. In the pictures, the coplanar closet has a fresh and contemporary style, made of glossy white lacquer with matching recessed Vip handle.
